2. Review of Chapter 1 Annual on Denmark

The Chairman noted that draft copies of the NIS Annual on Denmark, together with OBI comments, had been sent to all members for review (refer to Item 2 NCM 268). He further observed that the preparation of the working draft, made up of the several contributions with only slight editorial changes, appeared to be an unnecessary operation which laid a heavy burden on OBI. He therefore proposed, by memorandum dated 25 August 1958, more direct procedures for processing and reviewing future Annuals.
